In 1958, the Knox County Association of Baptists bought 150 acres in Wears Valley which became the permanent location of what is still Camp Ba Yo Ca today. In the last 60 years, Camp Ba Yo Ca has grown from 150 acres of land, six small cabins, and one bathhouse with a four week camp season to 350 acres with twelve cabins, three retreat facilities, and a ten week camp season. Thank you for being apart of this growing ministry. We are so blessed that you are here.
